Karen: Who is this person that sent you all those ominous twitters:
Karen: meowitude@me0witude

@BarrettBrownLOL Merr.. Follow foDM Plx bro ^,.,^
me: it was some dumb Anon kid who thinks he's starting an indie news service, wanted me to do an interview, told him no and not to send me five tweets
me: don't fret over my twitter mentions, a lot of the "ominous" or mean ones are read by almost no one.
Karen: OK.
Karen: BTW never heard back from that TV pitch girl so hopefully she's not using me. Not really appropriate anyway, I don't think?
me: she's pretty much done with the video pitch itself so probably will just want some anecdotes/leads from you later on, or if it's picked up would actually likely be another producer
Karen: Have you seen the pitch?
me: not yet
